

COVID-19 Screening Checklist

This checklist is to be used to assess recipients prior to picking up surplus government items.

Note: This checklist provides basic screening information only. It is not intended to take the place of medical advice, diagnosis or treatment.

“Good morning/afternoon! As you know, COVID-19 continues to evolve quickly. Given this, we are conducting active screening for potential risks of COVID-19 to ensure everyone’s safety and well-being.”

1. Do you have any of the following symptoms: fever/feverish, new or existing cough, sore throat and/or difficulty breathing?
 - a. Yes
 - b. No
2. Have you travelled internationally within the last 14 days (i.e. outside of Canada)?
 - a. Yes
 - b. No
3. Have you had close contact with a confirmed or probable COVID-19 case, that you are aware of?
 - a. Yes
 - b. No
4. Have you had close contact with a person with acute respiratory illness who has been outside Canada in the last 14 days?
 - a. Yes
 - b. No

Note: Close contact is defined as a person who:

- *Provided care for the individual, including healthcare workers, family members or other caregivers, or who had other similar physical contact without consistent and appropriate use of personal protective equipment OR*
- *Who lived with or otherwise had close prolonged contact (within 2 meters) with the person while they were infectious OR*
- *Had direct contact with infectious bodily fluids of the person (e.g. was coughed or sneezed on) while not wearing recommended personal protective equipment.*

- If the individual has answered NO to ALL of the screening questions, they have passed the screening and could be permitted to pick up the item.
- If the individual has answered YES to ANY of the screening questions, or refuse to answer, they will not be permitted to pick up the item. Pickup will need to be rescheduled to a future date when the recipient can answer NO to ALL of the screening questions.
